

Power of Attorney regarding my tax affairs

In this form, you may give another person a Power of Attorney to view your information. This person can make changes to your information and act on your behalf, as described below. You are still responsible for all changes that are made.

You will receive a letter from us when the person who applies is granted access. You can withdraw the Power of Attorney at any time. You can ask your authorised agent to delete the access, or you can fill out and submit the form Deletion of a Power of Attorney for my tax affairs (RF-1564).

The Power of Attorney applies to all information about you or your sole proprietorship's tax affairs.

Your authorised agent may:

- Order, view and change your tax deduction card and advance tax
- Order and divide an exemption card
- View, edit or submit your tax return
- Apply for an extension to the deadline for submitting the tax return
- Change the account number for payment of tax refunds
- View your tax assessment
- Appeal your tax assessment
- View, apply or appeal payments or collections
- View and change information about you that affect your taxes. Examples can be duration of stays in Norway, working periods, withholding tax on salary or pensions, family relationships etc.

In case of changes to regulations or the implementation of new digital services, the Tax Administration may change the scope of the permission. This may result in your authorised agent(s) receiving different rights from the ones listed above. If we make considerable changes to the scope of the Power of Attorney, we will notify you at least 4 weeks in advance.
